One Killed, Many Injured By Auto Crashes In Area

Mother, Baby Are Critically Injured In Wreck At Tahoe

One man was killed and a dozen other people were injured as the result of motor vehicle accidents in this vicinity during the past week.

Ruberto Uunez Diaz, 43, was killed when a car driven by his brother, Simon Nunez Diaz, 48, and one operated by David Hong Fong, 33, Citrus Heights, collided a mile and a half east of Kingvale Sunday at 1 a.m.

Seriously injured were both drivers, who were taken to the Tahoe Forest Hospital, and Wing Fen Chong, San Francisco, Gilbert Toy and Tom Wong, both of Citrus Heights.

State highway patrolmen said Diaz apparently lost control of his vehicle which skidded sideways into the wrong lane.

Mother, Baby Hurt

Mrs Ruth Robbins, 20, and her 10-month-old son, Terry, were critically injured Monday morning at 6:45 when their car and one driven by Arthur Pugh, 58, a local unemployed laborer, collided at Agate Bay near Tahoe Vista. Pugh escaped with minor facial injuries.

Patrolman T. F. Sheehan, who is making the investigation, said he has not been able to determine the exact cause of the crash which occurred on an open stretch of the highway.

Mrs. Robbins, who lives at Tahoe City, was returning home after taking her husband, Edward, to Kings Beach where he is a school bus driver, when she met the Pug car going east. Both drivers may have become confused, Sheehan indicated, and the headone collision demolished both vehicles.

Mrs. Robbins and Terry was taken to a Reno hospital and at latest reports both were responding to treatment but still in critical condition.

Three Hurt

Three people were taken to the Tahoe Forest Hospital, none seriously injured when a car driven by Lily Tamura, 31, Sacramento, ran off Donner grade Saturday evening at 7:45. Hurt were the driver, James Tamura, 62, and Mrs. Hatsu Tamura, 59, all of Sacramento.

The driver was cited by the California Highway Patrol for speeding and not having the vehicle under control.

Rites Held

Funeral services were held for Diaz at the Truckee Colonial Mortuary Tuesday morning following requiem mass at the Assumption Church.

Brother Of Local Woman Is Killed

Clifford James LeDuc, 52, one of the five people killed in the crash of a private plane on Grouse Ridge, northeast of Nevada City Friday morning at 6:30 o'clock, was a brother of Mrs. Alvah Hooper of Truckee and a buyer for the Superior Packing Company of Sacramento.

Also killed in the crash of the east bound Cessna were Mr. and Mrs. Lawrence Daniels of Nevada City, Susan Burke, Stockton and the pilot, Randy Hagen of Nevada City.

The group had left Nevada City early Friday morning on a business trip to Sierra Valley and Reno. It is believed the pilot, depending upon visual observance, became confused in the high Sierra overcast and that the plane plunged downward into the rugged hillside, burying its nose five feet into the earth.

All the occupants are believed to have died instantly.

The party planned to return to Nevada City Friday afternoon but when the plane failed to return a search was started by Sheriff Wayne Brown and others and Saturday the wreckage was spotted. The bodies were brought out on foot by the rescue squads.

All the victims were well known and are survived by families. Hagen had been a commercial pilot for 14 years and was a flier in the airforce over Germany in World War II.

It was the worst airplane accident in Nevada County since during the war when 21 service men died in a plane crash near Hobart Mills.

Mary Marquis Observes Her 75th Birthdate

When local friends of Mrs. Mary Marquis of Reno learned of her 75th birthdate on August 5 they sent their congratulations on the event.

Mrs. Marquis wrote that although she has not been able to visit in Truckee for the past two years she hopes to make the trip when the highway work has been completed.

NEW ENGLAND TOUR

Mrs. Elizabeth Bavier, Truckee postmaster plans to leave Saturday of an autumn foliage tour of the New England states, flying first to Boston to visit her famly.

BE CAREFUL WITH FIRE!

Directors Study To Increase Facilities At Local Hospital

The board of directors of the Tahoe Forest Hospital gave serious consideration to the many problems facing the hospital at their last meeting held September 12. Critical analysis of the problems indicated that the basic cause for many of them was the limitations of the existing plant.

The board decided that the only reasonable solution would be an expansion program to provide adequate facilities. This would allow the hospital to meet its responsibility to the community and furnish a high standard of patient care, together with solving many operational problems disclosed by the survey. John J. McGlade, hospital administrator explained.

A master plan for expansion of the hospital has been completed by the architectural firm of Cox and Liske of Sacramento. The proposed expansion would provide the needed space for patient treatment and care, and satisfy the current needs plus future demands due to an increasing population.

The estimated cost of the hospital expansion program would be approximately $453,000 and would have to be raised by a bond issue. This figure would cover the cost of construction together with the equipment and supplies, and provide an installation which would meet the recommendations of the medical staff, and satisfy the immediate and future requirements of the area, McGlade said.

The directors are currently working on the probable cost of the bond issue from a tax standpoint, and expect to have their findings available in the very near future. It is their sincere desire to maintain a high level of community health, and to provide the services which the community expects of their hospital.

Monday and last Wednesday, McGlade spoke before the Truckee Lions and Rotary Clubs, outlining the needs for the hospital and explaining the necessary steps to be taken to solve the problem.

Shortcut To Tahoe Closed For Month

Because of the frequency of minor vehicle accidents and in order to avoid a major mishap, the Brockway shortcut road has been closed for a period of approximately 30 days, the California Highway Patrol has been advised.

The closure, the patrol learned, went into effect Monday morning at the request of the Granite Construction Company, which is now engaged in realigning and repairing the route in Placer County.

ERWIN SINGLE WEDS MISS ELONA PETERS

St. Mark's Methodist Church at Sacramento was the setting last Saturday for a wedding when Erwin Single claimed as his bride Miss Elona Peters.

The double ring ceremony was followed by a reception in the church's recreation hall, the bride and groom cutting the traditional cake in the presence of nearly 100 guests.

The bride is the daughter of Mr. and Mrs. Elmer Self of the capital city, where she has attended school.

Mr. and Mrs. Erwin Single of Truckee are the parents of the young benedict who graduated from Tahoe-Truckee High School before leaving for Sacramento where he is employed by the state.

Following a honeymoon the young couple will establish their home in the North Sacramento district.

Returning to Truckee with Mr. and Mrs. Single, Sr., are Mr. and Mrs. Alfred Beck of Demair, who will spend their vacation here.

REBEKAH LODGE TO HOLD INITIATIONS

Mrs. Ben King, noble grand, will preside at a district initiation of candidates to be held September 24 at Naomi Rebekah Lodge No. 2, with Ester Lodge No. 9, Grass Valley; Golden Rule Lodge, No. 68 of Dutch Flat, Neva Lodge, No. 118, Nevada City and Manzanita Rebekah Lodge, No. 182, Colfax participating in the interesting meeting.

The newly elected candidates from Truckee are Mesdames Richard Walker, Richard Quist, Sherman Reams, Charles O'Bear. All members are asked to attend to assure the success of the evening.

School Enrollment Reflects Growth Of Local District

Registration Nearly Double In Two Years, Report Reveals

During the past four years, or since 1955, the enrollment in the schools of the Tahoe-Truckee Unified District has nearly doubled, according to figures released this week by Superintendent John S. Corbin.

During the 1955-56 term, the total attendance was 718 while this year's present attendance is 1315, indicating the growth of the communities served by the five schools.

Much of this growth is noted in the past year, the report shows. When schools opened last year, there was an enrollment of 966 compared to this year's 1315.

The high school registered the largest increase, going from 382 at the opening of school in 1957 to 507 presently enrolled.

The survey shows the following increase in the various schools:

	1957	1958
Donnar Trail	31	60
Kings Beach	147	277
Tahoe Lake	169	176
Truckee	237	295
High School	383	507

The unusually large gain at Kings Beach is accounted for by the fact that seventh graders from North Tahoe as well as all the children east of Dollar Hill are enrolled there instead of at the high school or at Tahoe City which is the usual procedure.

When building operations are completed all seventh and eighth graders will return to the high school plant.

Plant Warned For Polluting Streams

SACRAMENTO—An ultimatum has been given to a gravel pit operator who has been dumping silt in large quantities into tributaries of the Truckee River.

George Warner, fisheries chief of the Sacramento area of the fish and game department, said this week that if the operator, the Clements Rock Products, Inc., does not stop court action will be taken. Warner said the firm has until Friday to clean up the stream.

The operation is on Cold Creek which flows into Donner Creek and then into the Truckee River in Placer County. Warner said that Nevada and California agencies have complained about the silt. He said that while the dirt will not kill the fish it destroys their food.

Al Broyer, Placer County district attorney, said he has agreed to prosecute the case.

SUMMIT RESORTS GET READY FOR WINTER

SODA SPRINGS—Sherm Reams reports that preparations for the sking season on Donner Summit are being rushed as new facilities and accommodations spring up.

The Soda Springs Ski Corporation, in which Reams is a partner with Max Williamson and Andy Kelley, has purchased the J.Bar tow formerly at Donner Ski Ranch and will add it to their two other tows and chair lift at Soda Springs.

Reams said work is being rushed to get everything in good shape by the first major snow storm.

LIONS HEAR REPORT ON OLYMPIC GAMES

The regular meeting of the local Lions Club was held last night at Bacchi's Inn, Lake Forest where Willy Schaeffler, chief of course for the 1960 Olympics and Dick Durrance, internationally famous skier presented the program. They were introduced by A. M. Anderson. Schaeffler and Durrance outlined the preliminary races planned for this winter at Squaw Valley.

Other guests were Fred Main of Tahoe City, John Walker, Healdsburg and James Gaylord, Charles Modl and E. E. Boehm of Truckee.

DINNER MEET

The Donner Lake Firemen's Auxiliary members will hold a dinner meeting at 7:30 Thursday evening, September 18 in Cozzi's restaurant.

FAMILY PARTY

Richard Joseph of Gateway Park was one of the local people celebrating his birthdate last Monday, observing the occasion with his family.

SUNBEAMS

By WALTER M. BARRETT

If and when Truckee becomes an incorporated city, its success or failure will depend, to a large degree, on the men and women selected to head its administration. With this thought in mind, the committee named by the chamber of commerce to choose candidates whose names will appear on the incorporation ballots, has spent considerable time and effort selecting these people. A list of some 20 eligible names, all community leaders, has been tentatively adopted and now the committee will interview each one and add or subtract from the list. It is sincerely hoped that refusals will be few, since the service requested is of the utmost importance and, as we mentioned before, success or failure of the plan may well rest in the hands of the elected officials. Any public minded citizen desiring to have his or her name submitted may contact a member of the committee.

Use every precaution on that hunting trip. The forests are extremely dry. Shoot only when you are sure of your target and by all means be careful with fire.

Hunters Warned Of Powder Cache

One of the most popular hunting areas locally will be one of the most dangerous.

Fredrickson & Watson, contractors on the new freeway, have five tons of dynamite stored in the vicinty of the old airport and hunters in that area are warned not to shoot in the area as any stray bullet might set off a blast of major proportions.

The dynamite is located north of the new freeway opposite the Flycasters Club.

HIGH SCHOOL PTA TO HOLD MEET SEPT. 25

Mrs. Herbert Gunkel will preside at the first meeting of the Tahoe-Truckee High Schol P.T.A. to be held Thursday, Sept. 25. At this session the teachers will be introduced and the annual program will be announced.

All parents and other interested persons are urged to attend this meeting.

$609 RAISED BY GIRL SCOUTS DURING DRIVE

The Truckee Neighborhood Girl Scout fund drive for the Sierra Nevada Scout Council was a financial success with a total of $609.21 contributed.

The finance committee and those who assisted in the drive expressed their sincere appreciation for the wonderful support given to the local organization of Girl Scouts.

DISTRICT OFFICIAL AT 20-30 MEETING

Joe Frade, governor of the Nevada District of 20-30 International, paid an official visit to the 20-30 Club of Truckee during its weekly meeting Wednesday.

Frade, a member of the 20-30 Club of Yerington, was installed as a 20-30 governor at the 32nd annual convention of 20-30 Internanational in El Paso in June.

The primary purpose of his visit to the Truckee Twenty-Thirtians was to assist them in their community development projects. He also met with the club's board of directors to discuss local administrative programs.

CHARTER SIGNED AT SOROPTIMIST MEET

TAHOE CITY—The signing of the charter of the brand new Soroptimist Club took place this week at Crystal Bay Club, with 22 enterprising business women of the north and west area of Lake Tahoe taking part in the initial event. Moving pictures were taken and the young, worthwhile organization got under way.

Mrs. Mickey Mandeville is the president; Mrs. Ruth Mizner, vice president; Mrs. Barbara Spitsen, secretary and Mrs. Helen Beaverson, treasurer.

Travel Record Is Set When 100,000 Vehicles Checked

Truckee Retains 1st Place As Port Of Entry Into California

For the first itme in history, the Truckee quarantine station passed the 100,000 mark in vehicles checked entering California during one month when 104,042 were reported during August by the state department of agriculture.

Of this total, 99,709 were automobiles, 3,378 were trucks and 955 were buses. The total passenger count was 312,414.

The count does not include local cars nor vehicles east bound.

The Truckee station was far out in front of the other 18 quarantine stations on the California border. Yermo with 94,451 vehicles and 281,113 passengers, was in second place and was nearly double any one of the other reporting stations, the monthly report showed.

Meyers on Highway 50 reported 33,619 cars, 378 trucks and 93 buses and a passenger count of 91,149.

The Truckee count for August was about 5,000 cars over the July record and more than 12,000 cars over August of last year, the report indicates.

Series Of Thefts Being Investigated

A series of thefts and burglaries in the vicinity 15 miles northwest of Truckee are being investigated by local sheriff's deputies.

A house trailer, tool shed and two open camps were looted during the weekend, Deputy Robert Schooley reported, with an assortment of items, including several guns, being stolen.

Schooley said the Yeoman Construction Company reported a power saw, valued at $150 plus other items were stolen from a tool shed.

Herbert Scheible of Auburn, employed in the vicinity, said his house trailer was looted of articles worth nearly $400, including a rifle, shotgun and revolver, a radio, a new suit of clothes, blankets and miscellaneous items.

Kenneth Bass, local logger told the officers an acetylene torch gauges and other tools were stolen during the weekend.

Floyd and Charles Willis, Yuba City, camping in the same vicinity, reported their open camp was entered and a rifle, fishing equipment and food stolen. Clyde Casselberry, Carson City, told Schooley a tarp and miscellaneous articles were missing from his open camp.

INVESTMENT COURSE TO BE OFFERED HERE

Plans for an evening course on "Investments for Beginners" were announced this week to be given at the Tahoe-Truckee High School as a part of the adult education program offered by Sierra College.

The course will be offered from 7:30 to 10 on Thursdays for a period of 12 weeks provided sufficient local residents are interested in the program. The instructor will be Lee H. Apple, manager of the Truckee Branch of the Bank of America. There will be no tuition fee for the course, which is expected to start on September 25.

The lessons will cover such topics as the purchase and financing of real estate, life insurance, wills, investments in stocks and financing and operating a small business. Those interested have been asked to contact Apple at the Bank of America in Truckee.

GATEWAY SEWER IS NEAR COMPLETION

Officials of the Valley Engineers, Inc., contractors installing the sewer disposal system at Gateway Park, announced they hope to have the $42,000 project completed within the next 10 days.

Most of the pipe has been laid and the backfill nearly completed.

Residents of the area will be given notice when they can connect with the sewer after the engineers inspect the work upon completion, J. J. McGlade, secretary of the Truckee Sanitary District, announced.

To Arizona—

Mr. and Mrs. Gordon Stewart and two children left for Thatcher, Ariz., where he will attend school. The family has been visiting Mr. and Mrs. H. J. Ambler this summer.

Wolverines Win In Season's First Grid Game 15 to 0 Here

by JOHN FIRPO

The Tahoe-Truckee Wolverines spoiled the opening bid of the Yerington Lions as they romped to a 15-0 victory in their first game of the "58" football season. The Wolverines put together a strong running attack and a stubborn defense to topple the visiting Lions.

Leading the Mountain Men's assault were Trainor, Donaldson, Medford, and Kumle along with some fine passing and ball handling by quarterback Craig Robinson.

Truckee drew first blood with a 20-yard pass from Robinson to Trainor after Trainor had returned a Yerington punt 37 yards. From the 2-yard line Trainor crashed over right end for the score. Cantrell's P.A.T. was blocked by Farris and TnT led 6-0.

Neither team posed a serious threat in the second quarter and the score held at the half.

In the third quarter Yerington's passing clicked with a 42-yard pass play from Rich to Rood for the T.D. only to have it nullified by a holding penalty. Yerington then was forced to punt and the TnT

Continued on Page 8

Early Fall Colors As Paint Spilled

Brush and rocks along the south side of Highway 40 at the 6000-foot level on Donner grade were treated to an early fall coloring scheme—quite unintentionally—early Monday morning when a truck and trailer loaded with paint were upset.

The truck, operated by the owner, Edgar Stubbs, 39, Fairfield, Idaho, apparently lost its brakes coming down the grade, left the shoulder and overturned. Neither Stubbs nor his companion, reposing in the truck's sleeping compartment, were injured.

The assorted colors of paint, in all sizes of containers from half-pints to five-gallon cans, flew from theopen-bodied trailer and truck and broke open against the rocks, scattering the multi-colored fluid far and wide, resulting in a decorative motif strange to view.

The California Highway Partol is making an investigation.

21 YOUTHS HERE TAKE SAFE HUNT COURSES

Sixteen boys and five girls took the safe hunting courses conducted under the auspices of the state fish and game department at Veterans Memorial building Saturday and Sunday and all are expected to receive their certificates.

The classes were conducted by Games Warden Erwin Single, Deputies Sheriff Emery Lander and Roger Johns and H. L. Owens.

THREE BABIES BORN HERE DURING WEEK

Three babies arrived this week at the Tahoe Forest Hospital.

Basil Michael Cislini, 6 pounds, 12 ounces was born September 6th to Mr. and Mrs. Basil Cislini of Soda Springs.

On September 10th, Charlene Lynette Bunt, daughter of Mr. and Mrs. Charles Bunt of Truckee was born and weighed 6 pounds, 9 ounces.

Mr. and Mrs. Gary Rogers welcomed Steven Blaine Rogers, 5 pounds, 15 ounces on September 11th. The Rogers reside in Truckee.

SCOUT LEADERS TO HOLD CAMP MEETING

Local Boy Scouts, under the leadership of Scoutmaster Percy Samme, plan to attend the outdoor training course for leaders at Camp Rada between Newcastle and Lincoln September 26, 27 and 28.

The courses will cover patrol methods, cooking, knife and axe, compass, field games, hiking, camp know-how and other subjects.

Scouts and leaders interested in attending may call Samme at LU 7-3225.

Peschel Leaves Sun To Enter Bay University

Mr. and Mrs. Gary Peschel left for Berkeley to enter the University of California.

Peschel has been employed as a linotype operator at the Sierra Sun and Truckee Republican newspaper.

Prospect Good As Hunting Season Opens Saturday

Fire Warnings Issued For Opening Of Season; Forest Dry

With deer generally in good condition and plentiful in most sections, hunting prospects for the inland deer season, which opens on Saturday, September 20 and closes October 26, are good, the department of fish and game reported this week.

Fire hazard, however, is greater than normal throughout most of the 40 counties open in the late season. This is due to the unusually wet winter and spring which has produced an abundance of grass in most of the deer areas.

Hunters should check frequently the "fire hazard meters" which are posted by forest service personnel throughout national forest areas. These meters indicate daily the conditions to be expected in the areas in which they are posted.

The county-by-county forecasts of the department of fish and game and game warden and field personnel for the inland season show the following:

ALPINE—Fair to good. Deer in excellent condition. Good season expected, with fair number of small legal bucks in county. Good deer forage here has produced good antler growth. Possible fire hazard.

MODOC—Fire hazard high, deer well scattered, hunting prospects good. Check forest service hazard meters before hunting.

NEVADA—Best success in the upper elevations in early part of season. Deer well scattered, due to excellent feed and water conditions. Water also available in some granite areas which are normally dry. Most lands below the 4,000-foot level are private and hunting subject to landowner approval.

PLACER—Situation generally is like Nevada County. Many bucks, but they spend the season in the steep river canyons where hunting conditions are extremely difficult.

PLUMAS—Fire hazard high, area dry, but most roads open. Bucks plentiful, well scattered. Hunting success should be good. Most area in national forest. Plenty of camping area, streams still running.

SIERRA—Western portion produces some fine trophies, but conditions difficult due to rough terrain, dense brush and timber. High fire hazard will prevail until rain and cool weather hit area. Bucks in fair-to-good condition.

Campbell Honored At Baseball Meet

Members of the Truckee baseball team of the Sierra Nevada League Friday night enjoyed a banquet at Donner Lake Lodge marking the close of a successful season.

Manager Al Wakefield, who acted as master of ceremonies at the party, said plans are well under way for reactivitating the Mountaineers next spring and that the plans call for utilizing the proposed new baseball field just south of Truckee on the Brockway shortcut. Efforts are continuing to have the diamond in shape for next year, Wakefield said.

Each of the players Friday night was presented with a trophy for the work done during the past season which saw Truckee with a .500 percent standing, the team having won eight and lost eight games.

The most valuable player award was presented by Wakefield to Outfielder Billy Campbell and a second special award went to Les Davidson for his constant work as team coach.

Wakefield praised the efforts of the team and expressed appreciation for the support of the community during the year. He said the club has about $800 worth of equipment to start next year and all obligations will be met.

TOM BILLINGSLEY IS DEAD AT CAPITAL

Rosary was said Monday in Sacramento for Thomas E. Billingsley, 43, a former Truckee Southern Pacific trainmaster. Requiem mass was held at 10 a.m. Tuesday at St. Rose's Church and interment was in St. Mary's cemetery.

Billingsley, a native of Oregon, is survived by his wife, Dolores.

In City—

Miss Alice Lander and Miss Irene Englehart are in San Francisco staying at the home of the former's uncle and aunt, Mr. and Mrs. William Hicks. Miss Englehart planned to enroll in a dental assistant school.

Family In Capital—

Mr. and Mrs. A. Dominguez are visiting at the home of their son-in-law and daughter, Mr. and Mrs. Howard Gilliam at Sacramento and their son Tony is living at San Francisco.

Returning To Stanford—

Miss Linda Loynd will leave next week to continue her studies at Stanford University.

Tahoeites Marry—

A Carson City marriage license was issued to George Kunges, 42, and Imogene Cadenhead, 37, both of Tahoe City.

AFFAIRS OF STATE
by Henry C. MacArthur

AFFAIRS OF STATEHOOD ....

SACRAMENTO —(CNS) — Some of the inequities of the California Unemployment Insurance laws are pointed up by a recent ruling made by Harry Stewart, director of the state department of employment, in relation to the teamsters strike.

According to the way the law is written, workers who are "locked out" of their jobs are entitled to collect insurance as long as they are out of work. It is, however, up to the department of employment director to rule whether or not a lock-out is in truth a lock-out, or whether it is a part of a strike.

Stewart ruled that members of teamsters unions affiliated with Council 42, with jurisdiction over most of southern California, joint councils 7 and 38 insofar as line drivers are concerned, and pick-up and delivery drivers on joint council 7, are eligible for unemployment insurance.

However, members of local unions affiliated with joint council 38 who left their work or failed to return to work because of a trade dispute, have been held ineligible.

Thus, the decision places most of the teamsters out of work on the eligibility rolls, and at the same time, places employers in the position of financing a strike against themselves, particularly, at least.

The present teamster strike is not the first instance in which this situation has arisen. In fact, occurrances of this type have been cropping up ever since the state started paying unemployment insurance benefits back in 1939, despite the fact that the law says no benefits shall be paid when a worker is off the job "because of a trade dispute".

Actually, when the legislature adopted the unemployment insurance act, the general assumption was that the benefits derived therefrom by the workers of the state would not be used to finance strikes. However, additional language involving the lock-out phases of a strike make the act subject to interpretation to the extent where, as in the instant case, an employer's money is used as a portion of the strike financing. For all the money received by the striking of locked out worker means that much less the union itself will have to pay out in strike benefits.

Whether the adoption of the so-called "right to work" law in California, as proposed in Proposition No. 18 on the November general election ballot, would have any effect on this particular situation or not remains a question.

The proposed amendment would not affect the unemployment insurance laws directly, but if the proposal is adopted, it might have the effect of convincing the legislature that some revision of the inequitable unemployment insurance laws, as they pertain to strikes, is necessary.

The legislature could, in good conscience, strengthen the law to carry out its original intent, that it, to provide that no benefits are payable when workers are off the job "because of a strike", and word the act so that it would be impossible to interpret it to pay benefits in certain instances, in which the liberal minded department of employment can get around the act with technicalities.

M.A. 054559, United States Land Office, Sacramento, California,
August 6, 1958

Notice is hereby given that Charles H. Henrikson and Oliver M. Henrikson, who reside at Tahoe City, California, have made application for mineral patent to the Squaw Valley Gravel and the Squaw Creek Placer Mining Claims, for lands described as follows, to-wit: The Northwest quarter of the Northwest quarter of the Northeast quarter of the Southeast quarter, and the North half of the Northeast quarter of the Northwest quarter of the Southeast quarter, and the Northeast quarter of the Northwest quarter of the Northwest quarter of the Southeast quarter, and the South half of the Northeast quarter of the Northeast quarter of the Southeast quarter, and the South half of the Northwest quarter of the Northeast quarter of the Southeast quarter, and the South half of the Northeast quarter of the Northwest quarter of the Southeast quarter, and the South half of the Northwest quarter of the Northwest quarter of the Southeast quarter, all in Section 28, Township 16 North, Range 16 East, MD Mer., exclusive of any lands in conflict with the application; namely, Lots 46, 48, 50 and 52, or any part thereof, of Tahoe Truckee Forest as shown in Book B of Maps at Pages 7, 8 and 9, as recorded in the Office of the Recorder, Placer County, California. Location notices are recorded as follows: Squaw Valley Gravel Placer Mining Claim in Mining Records Volume 6 page 50; Squaw Creek Placer Mining Claim in Mining Records Volume 6 Page 489 in the official records of Placer County, California. There are no conflicting or adjoining claims.

Walter E. Beck, Manager

NORTH TAHOE

By JUDGE HARRY CHARRISON

Weather

On last Thursday the weather was real blustery and created quite a gale on the lake. Several boats on the North Shore were either sunk or badly damaged. The white caps made it no fisherman's paradise, that's for sure. Saturday morning the temperature at 6 a.m. was 29 degrees, the coldest so far this season, but the day turned out to be beautiful with lots of people making tracks for the Crystal Bay casinos.

Shrines

The El Tahoe Shriners held a big meeting at Crystal Bay Club Saturday night. Members attended from all over the area.

Home Again

Davey Ashton came up again for regular weekend jaunt from the hospital in Oakland. We were glad to see that the cast had been removed from his arm, a good indication of his progress, which we hope will continue.

Lake Tahoe Lions

The Lake Tahoe Lions Club of the North Shore attended a big barbecue at the home of Walt Mandeville's at Incline Beach last Sunday night which was largely attended by all members and their lady lions.

Still Coming

Ella Mae Blake and Jean Phillips from Richmond and many others are coming up to spend the fall season at the lake. The beautiful gold is already beginning to show on the trees along the roadside.

Chef Visits

During the week we had the pleasure of a visit from Cliff and Ann Lightner. Cliff was formerly chef at the Crystal Bay Club and Ann ran Ann's Snack at King Beach. They are now at the Supper Club in Reno.

Receives Gold Pin

Constable Harry Johanson attended a dinner in Auburn during the week and received a certificate and gold pin for safe driving for the past 23 years as a county employe. Many fecicitations were extended to him on his remarkable feat. This column also offers its congratulations. It is a good example to all drivers especially those who are constantly having to drive the highways.

Miss Lake

Ruth Lavery had a letter from Joby and Helen Lewis, who are at the present time in Detroit. While they are enjoying their trip they say they can't wait to get back to the lake.

Progressing

Glad to report that Mrs. Malla who was badly injured about two weeks ago is progressing very favorably in St. Mary's Hospital in Reno. It is expected that she will be home in the very near future.

Sad News

We were sorry to hear of the passing of the father of Mrs. Wendy Schumacher of the Tahoe Food Center. (Ginger) flew to Iowa to attend the funeral and will return this week.

Nice Trip

Carl and Nina Sorensen returned last week from a trip to Sacramento and Lodi. They went to the fair at Lodi and enjoyed the Lawrence Welk program there. They both had a wonderful time visiting with lots of friends.

New Home

Mike and Mrs. Cinani are contemplating building a home right where they are living now at Tahoe Vista. Andy Anderson will most likely do the building.

Deputy

Max Bennett is now living on the Truckee short cut. Max is one of the latest additions to our sheriff's department of Placer County in this area.

Side Street Speeding

Another lady by the name of Hazel Smith was arrested by Sergeant Rabska for speeding on Fox street and was fined $25.

Courtroom

The courtroom at Tahoe City is being kept exceptionally busy by violators, most of which are brought in to the area by the promise of work by the contractors both from the roads and Squaw Valley.

Cocktail Party

A delightful cocktain party was held at the home of Mr. and Mrs. Ray Bergman on the Brockway hill. Among those present were Mike and Jean Cinani, Bob Jenson and Ulla Murray, who are visiting from Owatonna, Minn.; Beverly Newell, Dr. Walton Prescott and Judge and Mrs. Harry Charrison. Bob Jensen and Ulla Murray are visiting with Mike and Janette Cinani for about a week, Bob being the brother-in-law of Mike. Ulla husband is sales-manager for the Owatonna Tool Company and is spending time in California and Nevada interviewing applicants for sales positions in these areas.

Fire Department

The regular meeting of the North Tahoe Fire Department district board of commissioners was held at 8 p.m. on Thursday, September 4 at the fire house. After reading the letter of reply from the district attorney's office, which was in answer to the letter from the commissioners requesting advice and information, it was voted that the new fire board will have to withhold payments of all bills, payments and commitments not paid by their organization until certain requirements have been met by the old fire control board. For the past two months the commissioners have not been furnished with information which they have asked of the old board. Until this information is made available the attorneys cannot draw up a suitable contract between the two boards. The new district commissioners cannot legally pay the bills of the North Tahoe Control Corporation. The board meets the first Thursday of each month.

Leaving Lake Tahoe during the past week, summer residents are scattering out to many parts of the state, including Mrs. Barbara Coryell, formerly Barbara Mallory who wrote from Kings Beach that their address will change to Los Angeles for a while.

TNT TIDINGS
by NANCY WATTS

As everyone knows, school has started again! There are mixed feelings about this, obviously. Many students are sorry to go back to the routine of classes and homework. To other students, the coming school year represents a challenge to be met.

* * *

Several teachers have come to Tahoe-Truckee for the first time this year. They will be introduced to you further in this column in future weeks, but for the present they are: Mr. Joor Bol, who has recently received his degree in teaching from San Jose State College; Mr. Carl C. Lude, who taught in the bay area before coming here; Mr. Lyle Morris, who taught at the University of Oregon in Eugene; Mr. Mullis, formerly principal of Geyserville Union High School in Geyserville, Calif; Mrs. Lucille Sauby, who has substituted at TNT before; Mr. Ronn Schwenn, who taught at Feather Falls Elementary in Butte County last year; and Mr. John M. Vick, who taught last at Coast Union High School in Cambria, Calif. We all hope they will be very happy with us at TNT!

* * *

Student body cards are on sale at school in the student store. They are $3 apiece and will be sold until further notice. These cards save students quite a bit of money and entitle them to attend many activities. They pay for themselves many times in the long run and are certainly worth the $3. The time to buy is now!

* * *

Good news! We have won our first football game of the season. Played with Yerington, the score of this exciting game was 15-0. Maybe this means a wonderful winning team all season! Anyhow, congratulations, team! And congratulations also, to the many people who came to the game and rooted for us so well.

SPEAKER TELLS OF ADVANCES MADE BY INDIAN TRIBES

TAHOE CITY — E. P. Hunt of Palo Alto and Tahoe was the guest speaker at the September 9th luncheon meeting of the Rotary Club of Tahoe City. His subject was the Navajo and Hopi Indians.

Hunt told the 25 local members and 15 visiting Rotarians of yearly visits to the reservations in Arizona and New Mexico during the past 25 years to purchase merchandise for his business at Tahoe City and to take documentary motion picture films.

The speaker said the two tribes had, for many years, made a very poor living on the high plateaus raising sheep and selling their arts, until in recent years when uranium and oil were found on the reservations. Now the two industries are supplying work at good wages for the men and the women and children now migrate by the hundreds for summer work in fields where a family often can earn as much as $20 a day. With the harvest over, they return to the hogans at elevations of 6.000 feet and over.

These new earnings, the speaker said, has discouraged the weaving of blankets and jewelry making which took hours with little return and has resulted in the art being about lost. However, royalties from the mines and wells has built first class schools and hospitals and good roads are being constructed. The funds are administered by various agencies which include the more educated Indians. No individual shares in the royalties, Hunt said.

Although the older generation still live in their primitive hogans, the horse and buggy are disappearing and second hand automobiles are much in evidence. Better earnings and education is working wonders for the Navajo who is entering into the various professions such as doctors, nurses, attorneys and engineers.

Of the approximate 75,000 Navajo population, 30,000, or a large percentage of the children are attending school, Hunt said, and this attendance is partly due to the fact the medicine man has lost his influence with the people.

The Hopi Indian in the center of the Navajo reservation, numbers about 2500 and that tribe has been slower to take up the ways of the white man, the speaker said.

Dave Gaynor introduced Hunt. Martin Spitsen presided. Bill Bechdolt, manager of Tahoe Inn, announced that beginning with the next meeting on September 16, he can serve the club with dinners at 7:15 p. m.

Mrs. William Reinhardt will soon be leaving Brockway for her winter home at Pasadena.

Morning Worship: 11:00
Youth groups: Monday evening at 7:00.

Youth groups meet Sunday evening at 4.

The Christian faith should not, and must not, be limited to the discussion of personal and inward matters. Jesus of Nazareth and the prophets before him not only spoke to persons, but also to society. The headlines of our newspapers have been filled for the past weeks with the problems of human segregation. There has been a constant cry for "peace"! What does the Christian faith say to this problem which affects all of us? Pastor Taylor will discuss this matter in his sermon Sunday entitled: "More Important Than Peace"!

CATHOLIC CHURCH

Father Patrick O'Neill announced this week that Mass schedules for the month of September will be as follows:

Assumption Church at Truckee, Sunday Mass, 9:30 a.m.; daily Mass, 7:15 a.m., Confession Saturday evening, 7 to 8 p.m.

Corpus Christi Church at Tahoe City, Masses 8 and 11 a.m. Confession, 3:15 to 4 p.m. on Saturday.

Our Lady of the Lake at Kings Beach, Masses at 8 and 11:30 a.m. Confession, 2 to 2:45 Saturday afternoon.

Father O'Neill also said that Sunday Masses after September, until the beginning of the skiing season will be held as follows:

Truckee church, 9:30 a.m., Tahoe City at 8 a.m., and Kings Beach at 11:30 a.m.

TRUCKEE BIBLE CHURCH
Non-denominational
Pastor: Roy S. Rhoades

Tuesday afternoon at 1 o'clock the ladies interested in Bible study and Christian fellowship met at the home of Mrs. Roy Rhoades. Refreshments were served and then Bibles were opened to begin the study in the First Book of John. The word 'know" is used some 40 times in this short epistle; surely there are treasures here that God wants us to know.

We trust that Jack Dixon will be with us to bring a special message Wednesday night for the Power Hour at 7:30. Teen Time meets this week at 7 Saturday at the church.

Sunday school begins at 10 o'clock and morning worship at 11. Christian cinema will feature another family film with a challenging message at 7:30 Sunday evening.

The Fred Hatfield address is being changed from Carnelian Bay to Glendale.

Standard seeks oil in strange places...
23½¢ of every dollar we take in goes to meet your future oil needs

On frozen plains, in the desert, in the jungle, on ocean floors—our search for oil has spread far afield as discovery becomes increasingly difficult and more costly.

The United States has less than 10% of the free world's population, but we use 55% of its oil production. Consumption is rising at a rate that will call for as much oil in the next 15 years as we produced in the last hundred.

In answer to the challenge of keeping America supplied in the future, Standard last year invested more money than ever before in oil exploration, development of producing fields, research and construction of facilities—or nearly one-fourth of every dollar we took in.

Year after year, Standard is reinvesting a big share of its income in the never-ending search for petroleum to meet the growing needs of motorists, industry, home owners, farms and the Armed Forces.

Progress in petroleum means...
Oil companies will have to invest more than 80 billion dollars in the next 10 years in the U. S. alone to find and develop the oil you will need.

STANDARD OIL COMPANY OF CALIFORNIA
plans ahead to serve you better

SIERRA SUN ADS PAY!

NEWS NOTES FROM TAHOE

by MYRTLE CARNELL

Fall Weather

Once again we are lucky to have our beautiful fall weather. Every year one hears the comment that the fall of year at Tahoe is the prettiest time of all. Whether you agree with this or not, you can't deny it is really lovely with the leaves changing color and that little cold nip to the otherwise warm air. Of course if you're a true Tahoeite you'll probably agree that any time of the year at Tahoe is beautiful.

Resorts and Shops Closing

This month has seen the closing up of many of the resorts and shops until next season. We hope that everyone had a good season although it has been a little slow and hope that next season will prove to be the greatest. We'll see all of our summer residents next summer after the snow melts and some that are skiing enthusiasts we will look forward to seeing this winter. Our friends John and Jean Palmer will be closing their Riviera Shop in Kings Beach this coming Saturday, and plan on taking a short vacation following to recuperate from their hectic summer rush.

More Clothes Needed

To those of you who have not contributed your clothing and shoes to the Women's Club clothing boxes to be found in Kehoe's, Jack and Dinty's, Village Store and Warren Porter's Wearing Apparel, you still have time to clean out the drawers and closets of those wearable clothes your family has outgrown, because although it may be too small for your son or daughter there is a needy family some where in the Reno area with a child just the right size. Mrs. Howard Guth will pick the boxes up on Monday.

New Arrival

Received word the other day from Bo and Bob Dockham of the arrival on August 13th of a son, David Lee, weighing in at eight pounds seven ounces. Bob who at one time lived in Tahoe City and attended the Tahoe schools is living with his wife and new son in Tacoma, Wash. Congratulations from all of your friends at Tahoe.

Wedding Bells

Married on September 5th at the Carson City Wedding Chapel in Carson City were George Kunges of Tahoe City and the former Jean Schmidt of Lodi. George has lived in Tahoe City for the past three and one-half years and has been employed by Floyd Carnell & Son, painting contractors. Jean was employed at the Sunnyside Lodge this past summer. Pastor John D. Ward performed the ceremony, and standing up for the couple were Mr. and Mrs. Alvin Mindt. The bride wore a lovely black tweed suit set off by a corsage of roses. Following the ceremony a reception was held at Sunnyside Lodge. Some fifty guests attended the buffet dinner given in honor of the couple. In the center of the table was the traditional three tiered wedding cake topped by a bride and groom.

The couple have rented the Jeanette Mitchell home in the Pineland area. Jean's two sons, Peter and Jerry, and daughter, Judith, will join the couple as soon as they move into the house and will attend the Tahoe schools this year.

Daughter and Family Visit

Rob and Stella Watson had the pleasure of a visit from their daughter, Mildred, and her husband, George Collins, and grandson, Timothy. They were guests at Rob and Stella's home near the Highlands. Among the many outings and pleasures enjoyed by all, was some water skiing in which Timothy did very well.

Buy Home

Mr. and Mrs. Dick Lambert have recently purchased the former Quam home in Tahoe City on Lakeview Drive. It is next to the home of Joann's parents, Mr. and Mrs. Martin Spitsen.

Purchase Home

Mr. and Mrs. Robert McMahon and family have also recently purchased the Soll family home in Tahoe Pines from Mrs. Henry Soll. This home has the unique privilege of having its own complete water supply and is situated close to the highway.

Lake Forest Resort Sold

The Lake Pines Court in Lake Forest owned for so many years by Waldo and Luda Gross has been sold to the John Smith family. The Grosses are at present in Sacramento. Waldo, along with being a resort owner has been one of the favorite fishing guides for many years.

Detour After Convention

J. Clark Bright and wife, Jean, of Kyser, W. V., made a slight detour following the annual meeting of the American Bar Association held in Los Angeles from August 24th through 29th, to Tahoe City to visit Jean's brother, Floyd Carnell and family. The Brights came to the west coast on a special train with some other 155 lawyers and their wives to attend the convention which had about 5000 lawyers from all over the world. They enjoyed about a week's stay with brother Floyd, and his wife, Buelah, seeing the sights around the lake visiting and seeing grand nieces and nephews they had not seen before.

Club Hosts Reno Club

The Tahoe City Golf Club along with Carl and Elsie Bechdolt played host to the Reno Women's Golf Club. There were fifty-two ladies out for a day of fun last Thursday and some real fine golf. Winners in low gross score were Andrea Spears of Reno with 83 and Ann Richards also of Reno with 83. There was a play-off for first and second with a putting round won by Andrea. Winners in net score were: 1st—Helen Farris, Reno 69; 2nd, (3-way tie) 70—Lucia Welles Reno; Virginia Arndtz, Reno, and Mike Ellis, Truckee; 3rd (tie 71) Willia Welles and True Bowen; 4th (tie—72) Skippy Passutti, Reno and Jean Henry, Tahoe City 5th, (5-way tie) B. Woodburn, Dorothy Frankovich, Fran English, Mary Lou Merrill, M. Blakely. A lovely buffet luncheon prepared by the Tahoe City ladies was thoroughly enjoyed by all.

San Francisco Visitors

Mrs. Janet Scates had visiting her Truckee River home this past week, the Horace Guittards of San Francisco. The Guittards are planning on having a Tahoe home in the future also.

BE CAREFUL WITH FIRE!

Tahoe Items

The A. R. Specht family have left Tahoma to return to San Francisco for the winter as have Mr. and Mrs. Elwell Bowers, going to Berkeley after a summer at Tahoe City.

Mr. and Mrs. O. J. Lockwood and their family have also left Tahoe City, going to Santa Monica until next season.

Dr. S. W. Dingwall Tahoe City's veterinarian will be living at El Cajon this winter.

Continuing the trek away from Tahoe City are Mr. and Mrs. A. J. Rodiques to Auburn and the Victor Costas to Oakland.

Mrs. Jody Maher and Miss Beatrice Maher who have spent the season at Meeks Bay are again at Palm Springs for the coming winter.

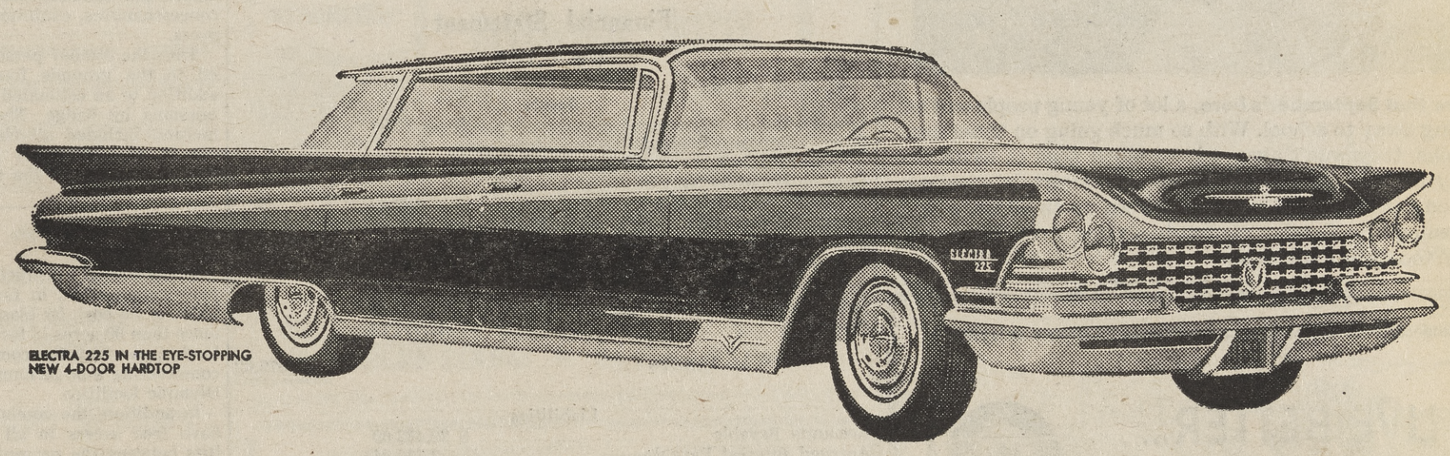
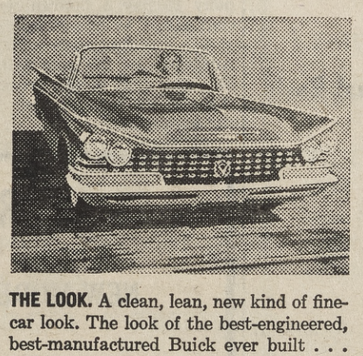
THE CAR



ELECTRA 225 IN THE EYE-STOPPING NEW 4-DOOR HARDTOP

Here it is . . . and now you know! Know why we have called this *THE* CAR. Know that a new generation of great Buicks is truly now here. From just this one view you can see that here is not just *new* design . . . but splendidly *right* design for this day and age. A car that is lean and clean and stunningly low . . . and at the same time great in headroom and legroom, easy to get into or out of. And when you see your Buick dealer and walk the whole wonderful way around this Buick, you'll know still more how *right* all this is. From anywhere you look, here is a classic modern concept that is Buick speaking a new language of today. A language of fine cars priced within the reach of almost anyone. A language of quality and comfort and quiet pride of ownership. And when you see your quality Buick dealer and get behind the wheel, the car will speak to you in a language of *performance satisfactions* without equal.



THE LOOK. A clean, lean, new kind of fine-car look. The look of the best-engineered, best-manufactured Buick ever built . . . and the most excitingly beautiful design in Buick's nearly 60 proud years.

THE ACTION. Get the feel of thrifty new Wildcat engines. New Equipoise ride. New fin-cooled rear brakes and aluminum front brakes. New Twin-turbine and Triple-turbine transmissions.*

THE QUALITY. Buick quality to the core, new super-quiet bodies by Fisher. New Magic-Mirror finish retains its beauty longer. New interior décor throughout. Safety-Plate Glass everywhere. Magnificent new quietness, new comfort, the feel of fine-car quality everywhere! Yours to test, yours to savor—the magnificent new Buick for 1959.

**Optional at extra cost on certain models.*

WHAT'S DOING

E. J. Bean, your Telephone Manager in Truckee-Tahoe.

These days there's no telling *where* you'll find transistors, those mighty mites developed by phone people. They've been whirling through space inside U.S. satellites, helping to radio information back to earth. And, down here, they're helping to bring you good phone service. The special transistor held by the phone man above, for instance, helps speed out-of-town calls. For it automatically picks the fastest voice paths to the town you're calling. On top of that, it enables more and more folks to dial their own long distance calls. Transistors are among a whole host of tiny, space-saving parts we use to bring better service to you.

Now that September's here, a lot of young people will be going away to school. With so much going on those first weeks, they won't always have much time to write. So why not tell them to call home collect certain evenings or on Sundays. That way you'll keep up on all the news. Evening and Sunday station-to-station rates are extra low, too. **Pacific Telephone**

LIVE BETTER... *Electrically*

ELECTRICITY

One of the things you take for Granted.

You flip a light switch. You turn your electric range on. You twist a dial on your Radio or TV set.

And electrictiy is there— ready to help you in all sorts of ways.

You take all this for granted . . . this night and day electric service that keeps electricity at your finger tips.

We're glad you take good electric service for granted. Because when you do, you're giving us a vote of confidence— many times a day.

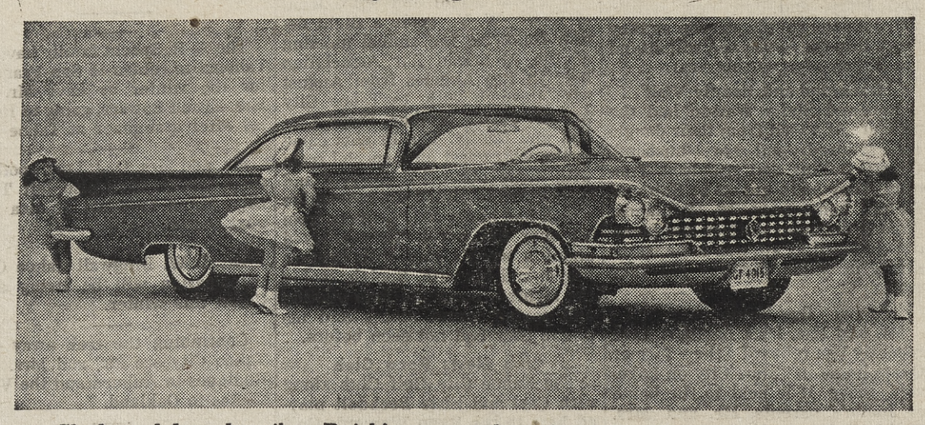
Buick's New Styling Is Sleek And Low



Sleek and low describes Buick's new styling for 1959. The model shown is the luxurious two-door Electra hardtop which measures less than 55 inches in height yet retains approximately the same headroom as last year's Buick. The "delta-wing" styling of the rear fenders that flare out to a point, and twin headlights that are set on an angle give the new Buick a look that is light and jaunty. Compound windshields that curve back into the roof and eliminate wind noise are a feature on all 1959 Buicks. The Electra is powered by a 401-cubic inch V-8 engine with 10.5-to-1 compression ratio. Twin turbine Dynaflow and power steering are standard on all models in the Electra series.

Squaw Operation Details Announced

With the approach of the winter season and the usual anticipated influx of skiers, plans for the operation of the facilities at Squaw Valley, site of the 1960 Winter Olympic Games, have been worked out and are ready to put into operation.

So far as the California Olympic Commission is concerned, the basis for this year's operation as well as future activities in the valley, were determined at a meeting held in San Francisco several weeks ago.

Approves Agreement

In that meeting the commission approved an agreement with the Squaw Valley Development Company calling for the construction of a 5,200-foot chair lift on the mountain, KT-22, and a 3,845-foot chair lift to extend from 7,000 feet of the lift already available on Squaw Peak.

The agreement ended intensive studies by the commission and games' organizing committee to determine the best solution, from a public standpoint, of the complicated construction and operating factors involved.

The solution was preceded by conferences over a period of several months at which the state insisted upon basic conditions to which Alex Cushing, president of the company, finally yielded.

The agreement provides for the long-range operation of all lifts in the valley including the 3,250-foot state-owned chair lift on Papoose Peak, and guarantees the state both a 10-year rental fee for its facilities, plus a share of the profits.

Under terms of the contract, the company will build the KT-22 lift on company-owned land, while the commission will construct the shorter Squaw Peak facility wholly on forest service property.

Under this agreement, the commission requires the company to grant public skiing rights over all company land in the area. The public will also have unrestricted skiing privileges over all state and federal lands in Squaw Valley.

Operating rights covering other present or future facilities in the valley on state or federally-owned lands are not affected by the contract. These rights are reserved to the state and forest service.

Profits To State

The agreement reaffirms a contract of March 5, 1956, which gave the commission exclusive use of the company's lodge, dormitories and lifts during February, 1960, with any profits derived from the operation in that period going to the state. The games are scheduled Feb. 18-28, 1960.

In the earlier contract, the company relinquished in favor of the state, at no cost, its lease rights to more than 80 acres of forest service land upon which the commission is constructing a large number of the Olympic facilities.

In addition, the commission will have free access to all operating lifts between the present time and during the period of the games for the purposes of construction, trial events and other activities necessary to staging the 1960 event.

State's Share

The decision to allow the company to operate the state-owned Papoose lift and the new Squaw Peak addition followed a unanimous resolution by the Ski Tow and Lift Operators of Northern California and Nevada calling for unified operation by the Squaw Valley Development Company of all state lifts in the area.

The contract calls for the company to pay a guaranteed annual rent equal to one-twentieth of the state's building costs, plus interest. Additionally, the sate will share in 37½ per cent of the gross revenue derived by the company from all lift operations.

WASHOE APPROVES LAKE SURVEY FUND

RENO — Washoe County commissioners have approved funds for a study of development problems at Lake Tahoe if the other two counties bordering the lake will follow suit.

Raymond Smith, regional planning commissioner, told the commission the formation of a planning commission for lake development problems would be contingent upon Ormsby and Douglas Counties also being represented.

The plan approved by Washoe County would authorize two representatives to work with California counties that border Lake Tahoe.

44 PER CENT OF FAIR CUSTOMERS IN FREE

SACRAMENTO — (CNS)— Final attendance figures for the 1958 California state fair, which showed 44 per cent of the official attendance came in free, was expected to open once again the debate on whether fairs should have all-free gates or charge everyone.

Of the 817,002 persons listed as total attendance for this year's 12-day run, off 1,200 from 1957, total admission revenue was $228,727.50. At 50 cents a person, this fixed paid attendance at 457,455.

This year, for the first time, all persons wearing badges which admitted them to the grounds were not counted as attendance. This included fair officials and employes, concessionaires, exhibitors and the press.

Thus the 359,547 persons admitted to the grounds free were in addition to an estimated 50,000 admissions by badge. The free admission included all children under 12, plus all under 16 for the first three days of the fair.

LAKE MOTHERS WILL HOLD MEET SEPT. 22

KINGS BEACH— The regular meeting of the mothers of the Kings Beach cooperative nursery school will be held at 8 p. m. on Monday, September 22 in the Methodist Church.

Attendance of all members is required and other mothers of preschool age children, who are interested, are invited at attend, Sally Prouty announced this week.

FAIR ATTENDANCE DOWN THIS YEAR

SACRAMENTO —(CNS) — The 104th edition of the California State Fair is being put in the record books.

During the 12-day run, 817,002 persons were counted as attendance compared with 818,202 in 1957 and the record of 823,887 in 1956.

Fair officials said that this year, for the first time, no badge wearers were counted as attendance and this might have made the attendance figure some 50,000 more for comparative purposes. Just how many of the 817,202 were paid admissions and how many came in on passes was not known but normally a high percentage of the admissions are unpaid.

Horse racing, the chief money maker at the fairgrounds, slumped by about $30,000 this year. The pari mutuel machines clicked for $4,915,365 this year, compared to $4,935,072 for 1957. Attendance was 89,394 for the 10-day race meeting, down from the 102,445 persons who attended a year ago.

In the other on-the-grounds attractions, the horse show and night show, attendance was up. The horse show attendance was 36,443, up 962 from a year ago. The night show at the race track grandstand played for 47,724 persons, 10,740 from 1957.

PLACER TAX RATE IS SET BY SUPERVISORS

AUBURN — The supervisors last Friday in special session officially set the 1958-1959 tax rate at $1.95 per $100 assessed valuation, up 42 cents from the 1957-1958 rate. The board had previously adopted a record budget for the coming fiscal year amounting to approximately $5,870,000, of which $1,915,908 is raised through local taxes, the balance from subventions, grants and other revenues.

In adopting the budget last week, the board took the tag of "road improvement tax" off a 22 cent item in the budget and included that amount in the general tax fund. Concern over the legality of the tax being levied against the cities caused the supervisors to make the bookkeeping switch. The City of Auburn and the Roseville Chamber of Commerce, who voiced objection to the levy, were reported to have asked the League of California Cities for an interpretation of the law relative to a county-wide road tax being levied against the cities.

VEHICLE LICENSES TO LAST 5 MORE YEARS

SACRAMENTO—(CNS) — Treat those license plates on the front and rear of your automobile with care — they have to last until 1963.

Gov. Goodwin J. Knight announced he has concurred in a decision of Paul Mason, state director of motor vehicles, to extend the life of the plates by two years. This means they will be used until 1963, instead of the original expiration date in 1961.

"Mr. Mason informs me that he believes there has been sufficient improvement in both metals and paints to warrant this extention," Knight said. "It will thus enable his department to spread the license plate cost, amounting to approximately $3,307,500, over seven instead of five years."

The decision by Mason, previously not known, clears up several years of confusion as to the status of license plates. Legislative Analyst A. Alan Post had criticized Mason for his failure to develop a firm policy as to how long the life of the plates should be.

Post said the department of corrections had recommended the life of the plates be extended and he agreed.

The department of corrections is responsible for manufacturing the plates, at Folsom prison. A spokesman in the correctional industries division, which has charge of manufacture of the plates, said the department will not lose much employment by extension of the plate life to seven years.

"We've been up in the air since January of 1956," he said. "Because there was never a firm policy, we didn't know from one year to the next what the production plan would be.

"Now, with the policy established, we will gain more from this firm policy than we lose in manufacturing less plates," he said. "Then too, there's the matter of making replacement plates. Replacement runs high in the later years of the plates and it will be even higher with seven-year plates."

NOTARY PUBLIC

SACRAMENTO (CNS) Secretary of State Frank M. Jordan announced the issuance of a notary public commission to Aliceanne McMahon of P. O. Box 77, Tahoe Pines.

Kings Beach is losing more of it's summer colony when the L. Coxens go to San Jose and the B. F. Lancasters spend some time in the capital city.

Three Jailed After Forgery Is Probed

A stakeout Friday night at Brown's Cafe by Deputies Sheriff Emery Lander, Leo Zander and Roger Johns resulted in the apprehension of three men, allegedly involved in a series of forgeries.

Two of the suspects, R. W. Walker, 46, and R. H. Rudd, 38, cooks, were arrested by Reno police and returned to Truckee where they were held as parole violators from Folsom prison. They admitted, the officers said, to passing four checks which had been stolen from a check book belonging to Earl Brown of Brown's Cafe, where they once were employed.

The third man, John Allen, a dishwasher, who was the object of the stakeout, was taken to Downieville to face charges filed against him there. He told the officers he had conspired with Walker and Rudd to steal a check protector from the cafe to lend authenticity to several more checks missing from the book.

Rudd and Walker denied any complicity in this part of the story and said they did not have any connection with Allen. Allen, who apparently was attempting to contact associates in Reno while the officers watched the place, said he got "cold feet" and decided not to go along with the plan and was attempting to contact the men in Reno to so advise them when he was arrested, officers reported.

The four checks cashed in Reno totaled $185 and were cashed in several establishments. Three were in the amount of $50 and one for $35, the officers said.

Allen denied any crime committed in Sierra County but accompanied officers from Downieville who came after him. Parole officers were scheduled to return Rudd and Walker to Folsom.

BOOKS DISCUSSION GROUP MEETS WED.

Mrs. Charlotte Patnoude and Miss Winifred Collins will lead a discussion of Aabelais' Gargantua and Pantagrued, Book I, at the September 24 meeting of the Great Books Discussion Group. The discussion will begin at 8 p.m. in the home of Naomi and Bob McLane of Tahoe City.

At the first meeting of the season the group voted to continue the practice of rotating the meetings between the Tahoe-Truckee Community Center Library, in Truckee, and Tahoe City. The meeting dates are the first Wednesday of the month—in Truckee, and the fourth Wednesday—in Tahoe City.

The Great Books Discussion Group is an informal organization of residents of the area who enjoy literature and believe in the practice of free speech and discussion. The meetings are open to the public and visitors are welcome to attend. Further information of the meetings may be had by calling the library where copies of the reading assignments are available.

STUDENT ENROLLS

Mrs. Tony Polyanich and Mrs. Ralph Bretthauer rttureen from Berkeley where they had accompanied Miss Janice Gray who enrolled at the University of California.

WOLVERINES WIN

Continued from Page 1

men took over.

On the initial play Kumle went 24 yards to the Lion 46 followed by Trainor's jaunt to the 11-yard stripe and then Trainor for 4 yards to the 7. Kumle then hit over center for the second Wolverine score. On the extra point attempt Robinson's pass to end Bob Merica in the end zone was nullified by an offside penalty. Ray Cantrell then converted for a 13-0 score.

A field goal from 33 yards out in the final frame by Truckee fell to the side of the posts. This followed a nullification of a 28-yard scoring play from Robinson to Trainor.

After Yerington took over Ray Cantrell, TnT tackle, caught Ed Rood in his own end zone for a safety and 2 points for the Wolverines and a 15-0 lead.

The game ended with the Mountain Men on the Yerington 2.

Tomorrow the Wolverines travel to Sacramento for a game with the Norte Del Rio Dons at 3:30.

A change in the Wolverine "58" schedule shows them playing the Lovelock Mustangs at Lovelock on October 24th at 7:30 and at Manogue on November 1st at 2 p.m.

TRUCKEE CHAMBER OF COMMERCE

CITIZENSHIP DAY TO BE OBSERVED HERE

Mrs. Elmer Brown will preside at the meeting of the Wyethia Club of Truckee when it joins the General Federation of Women's Clubs throughout the United States in honoring Citizenship Day at tomorow evening's meeting at 8 o'clock in the club's building on West River Drive.

Mrs. Elizabeth Bavier will present the inspiration of the month in honor of the day.

Mrs. John Wolert will be a special guest speaker of the evening when she will narrate and show slides of their European tour. Hostesses for the evening will be Mesdames W. D. Randall, Oscar Schumacher, William Davis, and Elmer Brown.

A cordial invitation is given to all members, friends and newcomers to the community to attend the interesting session.

TAHOE SERVICES TO BE HELD INDOORS

TAHOE CITY—Last Sunday was the last service to be held in the Outdoor Chapel for the season. Services for St. Nicholas Protestant Episcopal Church will re-open next Sunday in St. Nicholas Hall at the rear of the Outdoor Chapel grounds.

Through the efforts of Noel Porter, Jr., and Allen Bray, the original organ console and all the sound equipment is to be reconstructed and replaced this year. It will also be available for use in St. Nicholas Hall.

Gordon Moyer received his official lay readers license this week from Bishop Clarence Haden, Jr. Moyer will conduct the services next Sunday at St. Nicholas Hall. Moyer is also chairman of the bishop's committee.

The Sunday school, which meets at the Community Center at 10 o'clock, needs teachers and welcomes all students.

Bishop Haden will be here this week to hold a meeting with the building committee.

Nelson to Stanford—

Berger Nelson, graduate with the class of 1958 from the local high school is leaving to start classes at Stanford University Monday.

From Healdsburg—

John Walker of Healdsburg is spending a few days here with his son and daughter in law, Mr. and Mrs. Richard Walker.

To Grass Valey—

Mrs. Yvonne Caswell's many friends regret her departure for Grass Valley this week, where she had formerly lived for 20 years. Mrs. Caswell has been on the office staff at Tahoe Forest Hospital.

Leave Truckee—

Leaving Truckee for other places are the Carl Whitefields transferring to Salt Seat State Park at Mecdress has changed to Santa Rosa. ca, Cal. The James Lewis local ad-

TO REPAIR ROAD

A low bid of $114,174 was received last week by the division of highways to repair storm damage to U. S. Highway 40 about 1.4 miles west of Baxter. The low offer was submitted by J. O. Archibald of Redwood City and was one of seven bids received.

Contract Awarded For Drainage Job

A low bid of $9,298.76 was received last week to improve drainage facilities at a pont one-quarter mile east of the Donner Lake gate on U. S. Highway 40. The bid, one of the three received, was made by Claude L. Youngs, Inc., of Sacramento.

The contract calls for removal of the existing culverts and the installation of a single 72 inch culvert. In addition the channel is to be graded and berms constructed to insure that the stream will flow in the desired channel. The project is intended to prevent the clogging of drainage facilities in this area that results in the flooding of the highway and adjacent property.

Highway officials said work on the project will start immediately upon approval of the contract by the attorney general and must be completed within 30 working days. Traffic will be permitted to pass through the project area under controls normal for this type of construction.

LOCAL SCOUTS HERE REPORT ON MEETING

Miss Grace Danehawer gave a detailed report on the Senior Girl Scouts round-up to be held at Colorado next year at a Reno meeting, Tuesday, attended by Judy and Linda Giovannoni.

All girls of high school age are eligible to join a Senior Troop. meeting twice a month, alternately at Reno and Truckee.

The Colorado round-up may be attended by eight girls from this vicinity on the basis of their qualifications.

Donner Troop of Girl Scouts met Tuesday at the home of Mrs. James Walker.

VISITS PARENTS

Dan Sheehan left for his post last week at the U. S. Marine Base at Santa Ana after visiting his parents, Mr. and Mrs. Tom Sheehan of Tahoe City.

To Capital—

Mrs. Dolores Curran and children planned to move to Sacramento and their home here will be occupied by the Wayne Stead family.

CANDIDATES TO GIVE VIEWS AT LAKE MEET

TAHOE CITY—The Tahoe Lake Parents Teachers Association has arranged two meetings at which Francis Lindsay, Republican incumbent of the 6th district assembly and Paul J. Lunardi, his Democratic opponent for the position will speak before the group.

The two men cannot appear at the same time due to previous engagments and the local organization, in keeping with it's non partisan policy has set aside Thursday at 8 p.m., September 25 to hear Lunardi in the Tahoe Community Center. Lindsay will appear at the October meeting, the date and further details to be announced later.

Tarzan

by EDGAR RICE BURROUGHS

THE HAND OF FATE DREW TARZAN TOWARD THE STRONGHOLD OF PROFESSOR ERIC JANSSEN, A MYSTERIOUS AND MENACING SCIENTIST.

THE APE-MAN PAUSED IN HIS JOURNEY TO THE INTERIOR, CONCERNED BY A SUDDEN LONELINESS IN THE JUNGLE--

THE SURROUNDING AREA WAS DEVOID OF ANIMALS AND BIRDS--A DEATHLY SILENCE PREVAILED THROUGHOUT!

CURIOUS, TARZAN SOUGHT TO QUESTION SOME NATIVES, BUT FOUND ALL THE NEARBY VILLAGES COMPLETELY ABANDONED--

ALL EXCEPT ONE, WHICH HELD A SICK AND DYING OLD WARRIOR. "FLEE, WHITE MAN!" HE GASPED. "FLEE BEFORE IT'S TOO LATE--"

Featuring BATHLESS GROGGINS

by RAEBURN VAN BUREN

J. PIERPONT GROGGINS—YOU MEAN TO SIT THERE CALMLY COUNTING MONEY YOU CLAIM YOUR **WORST ENEMY**—JASPER HAGSTONE—LOANED TO YOU MERELY BECAUSE YOU SAID ONE **WORD** TO HIM?

KEERECT, HONEY—THE WORD BEIN' (CHUCKLE) **ZELDA!**

AND YOU HANDED OVER THE MONEY TO BATHLESS GROGGINS BECAUSE HE SAID **WHAT** TO YOU, FATHER?

(GROAN) **ZELDA**, JUDY. JUST---(CHOKE) **ZELDA!**

'FATHER—WHO IS ZELDA? YOU MUST REMEMBER I'M NOT A CHILD ANY MORE—I DESERVE TO KNOW—I DEMAND TO KNOW!

IT'S NO USE, DAUGHTER. Y-YOU'D NEVER UNDERSTAND WHAT ZELDA MEANS TO ME! NOBODY WOULD!

SAVE YOUR BREATH, GIRLS! **WILD HORSES** WOULDN'T DRAG THE TRUTH ABOUT ZELDA OUTA ME!

BUT, POP—YOU KNOW YOU CAN TRUST US! WE'RE YOUR **FLESH AND BLOOD!**

WELL—AT LEAST CAN YOU TELL ME WHAT ZELDA **LOOKED** LIKE?

LIKE A **DREAM**, CHILD---SLIM, YOUNG, AND WITH AN AIR ABOUT HER THAT WOULD MAKE **ANY** RED-BLOODED MAN RISK DESTRUCTION TO GET HIS HANDS ON HER!

SHE MOVED LIKE NOTHIN' WAS HOLDIN' HER BACK, GIRLS---ZELDA WAS THE KIND A MAN WOULD PAWN HIS OLD MAN'S **WATCH** FER!

DADDY—I'M GOING RIGHT TO MOTHER AND ASK HER WHO THIS ZELDA WAS!

YOU (GASP) MUSTN'T, CHILD. IT WOULD ONLY UPSET HER **HORRIBLY!**

NAILS WERE SO VALUABLE IN COLONIAL U.S. THAT FAMILIES MOVING TO ANOTHER AREA WOULD BURN DOWN THE HOUSE JUST TO RECOVER THE NAILS

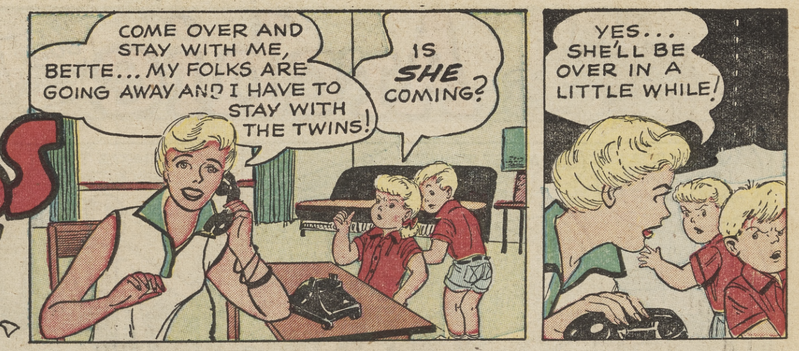
THOUSANDS OF SOLDIER CRABS ARE FOUND ON THE SANDY FLATS OF AUSTRALIA WHEN THE TIDE IS OUT... THEY MOVE IN VAST ARMIES BUT IF DISTURBED THEY WILL BURROW INTO THE WET SAND AND WITHIN SECONDS NO TRACE OF THEM CAN BE FOUND

WILLIAM MATHEWSON-- A FAMOUS HUNTER WHO SAVED KANSAS SETTLERS FROM STARVATION AFTER THE 1860 DROUGHT BY PROVIDING THEM WITH BUFFALO MEAT, WAS KNOWN AS BUFFALO BILL LONG BEFORE THE NAME WAS APPLIED TO ANOTHER KANSAN-- WILLIAM F. CODY!

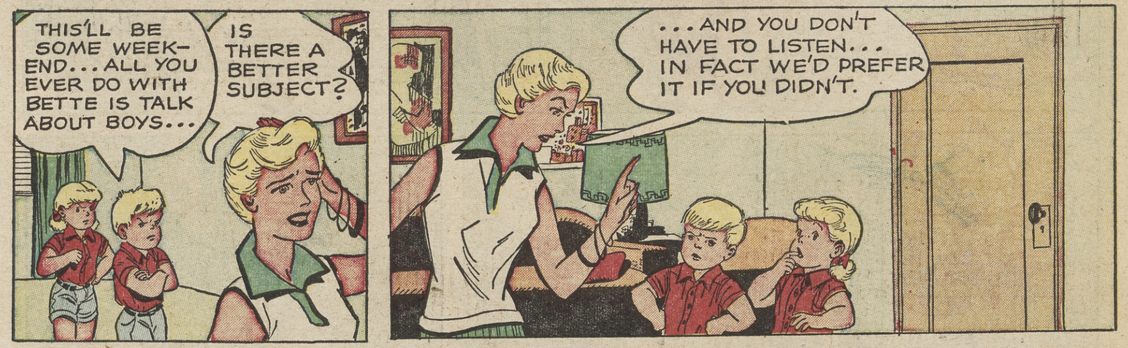
THE HAVASUPAI INDIANS, of Arizona, HAVE LIVED ISOLATED FROM THE REST OF THE WORLD AT THE BOTTOM OF A FERTILE CANYON FOR 200 YEARS! THEY ARE THE ONLY U.S. PEOPLE WHOSE NATIVE CULTURE HAS REMAINED UNCHANGED THROUGH THE YEARS!

The Toodles

9-21 by the BAERS



COME OVER AND STAY WITH ME, BETTE... MY FOLKS ARE GOING AWAY AND I HAVE TO STAY WITH THE TWINS!
IS SHE COMING?
YES... SHE'LL BE OVER IN A LITTLE WHILE!



THIS'LL BE SOME WEEK-END... ALL YOU EVER DO WITH BETTE IS TALK ABOUT BOYS...
IS THERE A BETTER SUBJECT?
...AND YOU DON'T HAVE TO LISTEN... IN FACT WE'D PREFER IT IF YOU DIDN'T.

HOW CAN WE LEARN IF WE DON'T LISTEN?
THAT'S A GOOD QUESTION–
...AND FROM THE AMOUNT OF LISTENING YOU DO YOU SHOULD BE VERY SMART!
I HAVE SO MUCH TO TELL YOU THAT I COULDN'T WAIT TO GET HERE, SAL!

I HAD THE GREATEST DATE EVER WITH STEVE LAST NIGHT...
YOU'RE REALLY CRAZY ABOUT HIM, AREN'T YOU BETTE?
AND HOW! AND HE FEELS THE SAME ABOUT ME... LAST NIGHT HE ASKED ME TO CHANGE MY NAME TO HIS!
HOW CAN YOU DO THAT? "STEVE'S" AN AWFULL NAME FOR A GIRL!
